Wow! That's the only word for this gorgeous, renovated townhome located in King's Point! This property has a unique floor plan that would work well for entertaining. Upon entering, the main floor has a large living room with a 2-story exposed wood beam ceiling and beautiful luxury vinyl plank. As you go up the steps to the next level there is a nice size galley kitchen with new stainless-steel appliances and glistening quartz countertops. The dining area is off of the kitchen making it easy to entertain with views from both the dining and the kitchen areas into the living room. The dining room and kitchen also have luxury vinyl plank making cleaning easier after hosting your events. The third level boasts 3 spacious carpeted bedrooms. There's a full bathroom in the hallway as well as in primary bedroom. There's plenty of closet space in each room and a linen closet in the hall. The lower level is a great recreational space - just in time for football season! Host your parties there or just relax and enjoy a movie. There is a walk out basement which gives it partial sunlight during the day and makes it convenient when barbecuing! This home is freshly painted and ready to move in. Local shopping and dining are also just minutes away! Don't miss this gem as it is priced to sell! Call us to see it
